

## AVAILABLE IN MARCH

Richie's story *River Sun Warblers* will be available this March in the anthology called *Front Porch Edition* published by *The American Athenaeum*, <http://swordandsagapress.com/American-Athenaeum.php>.

Richie made *River Sun Warblers* from birdsong, the colors of bird plumages and the beauty and natural history of the Mississippi River. Contemporary field guides call river sun warblers "prothonotary warblers." But Richie's story takes place when neither people nor field guides existed yet, when wildlife first rose from Earth's fiery core and emerged on the primal river.
